Highlights

“SEVEN ARROWS” THE MORNING READING

“You are about to begin an adventure of the People, the Plains Indian People. You probably have known of these People only by their whiteman names, as the Cheyenne, the Crow, and the Sioux. Here you will learn to know of them as they were truly known among the People, as the Painted Arrow, the Little Black Eagle, and the Brother People.

“The story of these People has at its center and all around it the story of the Medicine Wheel. The Medicine Wheel is the very Way of Life of the People. It is an Understanding of the Universe. It is the Way given to the Peace Chiefs, our Teachers, and by them to us. The Medicine Wheel is everything of the People.

“The Medicine Wheel is the Living Flame of the Lodges, and the Great Shield of Truth written in the Sign of the Water. It is the Heart and Mind. It is the Song of the Earth. It is the Star-Fire and the Painted Drum seen only in the Eyes of Children. It is the Red Pipe of the Buffalo Gift smoked in the Sacred Mountains, and it is the Four Arrows of the People’s Lodge. It is our Sun Dance.

“The Medicine Wheel Way begins with the Touching of our Brothers and Sisters. Next it speaks to us of the Touching of the world around us, the animals, trees, grasses and all other living things. Finally it Teaches us to Sing the Song of the World, and in this Way to become Whole People.

“Come sit with me and let us smoke the Pipe of Peace in Understanding. Let us touch. Let us, each to the other, be a Gift as is the Buffalo. Let us be Meat to Nourish each other, that we all may Grow. Sit here with me, each of you as you are in your own Perceiving of yourself, as Mouse, Wolf, Coyote, Weasel, Fox, or Prairie Bird. Let me See through your Eyes Let us Teach each other here in this Great Lodge of the People, this Sun Dance, of each of the Ways on this Great Medicine Wheel, our Earth.” (from *Seven Arrows* by Hyemeyohsts Storm.)

Our morning reading this month is an extraordinary book of spiritual teaching, cultural and social history called by its author, Hyemeyohsts Storm “an adventure of the People, the Plains Indian People.” The book was first published by Harper and Row in 1973 and is now in its third printing by Ballantine Books. The readers are Gene Dunning, a student of Native American Culture and health practices, a Touch for Health practitioner and teacher; and Amanda Foulger, KPFK Chief Bureaucrat and programmer. The reading was produced by Amanda Foulger for KPFK with permission of Harper and Row. *Seven Arrows* will be rebroadcast as the ‘midnight’ reading on ‘Something’s Happening’ in September.

The cover is a shield from the book, designed by Hyemeyohsts Storm and Karen Harris, painted by Karen Harris.

TWO SERIES FROM KPFA

On Wednesday evenings at 11pm, KPFK presents *An Oral History of the Great Depression*. There will be three programs in the series entitled *Fire Among the Ashes*; the lives and tones of those who lived through it; *The Farmer is the Man*; dealing with the Dust Bowl, jalopy caravans, and the hope of California; and *Fight for Life*; the story of FDR and the New Deal and more radical proposals.

The series presents not only reports, but also music of the times; an attempt to present (or represent) the feel and experience of the depression. It was produced by The People’s Media Collective of San Francisco for KPFA, Berkeley.

Following this 3-part series will be a documentary on the general strike in Oakland, 1946, when over 100,000 workers took to the streets to protest the city police department’s breaking of a department store strike. The broadcast will be at 11pm on Wednesday August 24, and the program is produced by the New American Movement Radio Project and the Oakland Study Group for KPFA, Berkeley.

And on Tuesdays, at 11pm, Padreigin McGillicuddy of KPFA’s series on Ireland will be broadcast. The programs will deal with the role of women in early Celtic societies, Irish culture in tribal times, a political analysis of the British domination of Ireland—Ireland as a laboratory for colonial techniques used later throughout the empire, music, poetry, a quick scan of history from 1169 to the present, ending with a program on the roots of Irish music with the tin whistle, uilleann pipes, highland pipes, the O’ffogerty harp, bodhran and other Irish instruments.

The five Pacifica stations (in Berkeley, Houston, New York and Washington D.C. as well as Los Angeles) are five unique entities, each representing its community. We look forward to more program sharing with our siblings.

THE ADVENTURES OF SHERLOCK HOLMES

Having finished the rebroadcast of *The Alexandria Quartet* which ran from April 5 to July 21 on ‘Something’s Happening,’ Roy of Hollywood will be playing two old radio broadcasts of *The Adventures of Sherlock Holmes* at 12:15am on Wednesday and Thursday mornings (on the Tuesday and Wednesday midnight shows following the midnight commentary).

This adds up to twenty shows which are being shared by Dave Krebs, a collector who has compiled “The Old Radio Orgy Library” from which the mysteries have been borrowed. The adventures include Basil Rathbone and Nigel Bruce, Robert Hardy and Nigel Stock, Tom Conway and Nigel Bruce, and a BBC production with Carleton Hobbs and Norman Shelly as the illustrious pair. The entire series will begin on the Tuesday, August 2nd show with a *Fred Allen Show* from April, 1948, in which Basil Rathbone is breaking back into radio and seeking mystery scripts.

THE PERPETUAL MOTION FUNRAISER

Poor KPFK, that fantastic free radio station with its small and faithful band of listener-sponsors and its constant financial problems; yet the 4th most listened to non-commercial station in the country and its huge but old transmitter. If there were only some way to make it fun to help KPFK, not just charitable, not just socially responsible, not just just Well, there *is* a way, of course, And here it is again—the 3rd Annual Great American Folk Fair and Country Crafts Market and (for no extra charge) Garden Day!

We hope you set aside a day (or two) over the weekends of August 13-14 or August 20-21 and spend a day with KPFK at the grass and tree, bird and bee (no bees really) lined Rancho Palos Verdes. Admission is \$3.50 for adults and \$1 for kids. We will provide you with the usual non-stop entertainment with banjos and ballads and square dancing and fiddles and drums and hot dogs and (those) potatoes, watermelon crafts, organic gardening stuff and a gorgeous view of the historical Pacific Ocean, the largest body of water in the entire world, seen clearly from outer space by our astronauts.

We work hard to make these affairs successful and fun. And profitable. The day(s) will be rewarding and they will help your favorite radio station keep its head above water. *Don’t miss this chance to to a might more for yourself and KPFK.*

And while you are thinking about it—if you could take a few minutes and hang the centerfold of the Folio at your place of business, laundromat, supermarket, club headquarters, etc.—it will help so much. Thank you and *we’ll see you at the Fair!* (see map on back cover)

ON-THE-AIR FUNDRAISING

Another plan, another way. The month has now been divided into four equal weeks totalling 28 days. The leftover days of every month will now be devoted to special programming and on-the-air fundraising. That amounts to 2 or 3 days a month except for February. We are trying this experiment in our constant effort to convert non-subscribers into subscribers. As usual, the times for fundraising are indicated in the *Folio* so you can avoid them (or tune them in). Some of the regularly scheduled programs are “out of time”, so be sure to check the program listings for the special day for news, concerts, and pre-emptions. We hope to reward you, our subscribers, with special programming on these days and we hope to make the days more profitable and thus lessen the number of total days per year we spend fundraising.

So check out Monday, 29th through Wednesday, 31st. We are presenting a day of *Biological Determinism: Science as a Social Weapon, A Renaissance and Baroque Music Festival*, and a reading of Nathanael West’s *A Cool Million*. And we await your “feedback.”

SUBSCRIPTIONS

THE MOST ANSWERED ANSWER

Our computer (HAL 5001) is located in Berkeley, which saves us a lot of money but is inconvenient. We send subscriptions information to the machinery once a month and it returns the Folio labels, bills, renewal letter labels and income statements a few days later. We send the information up on the second Wednesday of the month.

SO—if you send us your check around the 8th of the month, by the end of the week you will be all signed, sealed, labeled and credited and you will marvel at the miracle of efficiency of the electronic age.

BUT—if you send us your check around the 10th, the machinery will not know for about a month. Your Folio will not start (or continue) until about 6 weeks later and you will have another bill generated several days after you have paid it (and mailed to you a week or two later). Then you may well curse the stupidity of the messed up computerized depersonalized machine age.

THEREFORE—if you receive a bill or renewal notice after you have paid up, you may be one of the 95% who just missed the machine feeding date. Don't panic! It saves us hundreds of dollars to have the machinery up north and it only costs us a few dollars in postage to send out some paid bills every month

THE MOST REQUESTED REQUEST

Please always send a bill with your check. A \$15 payment, for instance, might be credited as a 3729 Club payment, a straight donation to the station or the expansion fund, or a payment on a pledge or renewal or a new subscription. If we are billing you and receive your check without an accompanying bill, we may credit you with an \$X payment and still bill you for the \$X payment and everything gets mixed up. So—always send a bill or renewal form, or at least a letter of explanation. Also please be careful about different names and addresses on your checks-letters-forms and be sure to indicate who you are and where you live now.

FIRST CLASS FOLIO MAILING

If you live far from town, in a slow mailing area or just want your Folio well before the beginning of the month, then for \$5 a year (pro-rate at 50 cents per month for current subscriptions) we will send your Folio 1st Class-mailed around the 20th of the month preceeding program listing. Contact Subscriptions dept—be sure to enclose your Folio label.

MOVING

The Folio will NOT follow you automatically when you move. It will be returned to us with your new address on it (after a few weeks at a charge of 25 cents) and we will change your address in our files, but probably not in time for the next Folio or even the next one. So, if you don't want to be excluded, fill out the change of address coupon on the inside back page. If we receive it before the middle of the month, you won't miss one Folio. (We get 500-1000 changes of address per month, so advance notice saves us a lot of postage and keeps everyone happy).

THE VOLUNTEERS: They turn the station on and off, and make it go in between programs, produce programs record, stuff envelopes, answer phones, help at community events—in other words, we could not exist without them. Those not listed elsewhere in the Folio are:

Greg Battes, Albert I. Berger, Carolyn Berger, John Bliss, Pam Boehnert, Ken Bonnell, Roy Chapman, Louise Chevin, Barbara Clairchilde, Diana Cline, Peter Cole, Peter Cutler, Lynn Davidoff, Maria de Long, Alex Dymally, Harry Farmer, Lynn Feinermann, Jackie Feld, James Feld, Suzanne Gilbert, Cary Ginnell, Gail Griffin, Gil Grumbach, Greg Gordon, Ed Hammond, Burt Handelsman, Bill Handelsman, Annette Hunt, Annie Jones, Alan Kanter, Marjorie H. "I DIDN'T GET MY FOLIO"

The Folio is mailed around the 20th of the month. If you have not received your Folio by the first of the month: (1) check your subscription expiration date on the previous Folio label (upper right hand corner of label). (2) Make sure you haven't moved without notifying us. (3) If you haven't moved and are currently enrolled as a subscriber, contact your local postmaster about delivery. (4) Send us a previous Folio label with an explanatory note or call for a new Folio to be sent out to you.

EXCHANGE MAILING LISTS

KPFK never sells its mailing list, but on occasion exchanges lists for promotional purposes with other organizations of common interest with us and our subscribers (Channel 28, Ralph Nader, ACLU, etc). If you wish to not be on an exchange mailing list, send your Folio label to the Subscriptions Department and ask for an "NJ" code. Your name will then be automatically removed for all mailings except for the Folio and renewal letters.

CASSETTE FOLIOS FOR THE BLIND

The Folio is available on cassette (returnable) to all blind subscribers. If you would like to receive the Folio in this form, please tear off the address label on the back of the Folio and send it along with a note stating that you would like to be on the special blind mailing list (or you may call). Within two months you will be receiving your complete program guide on cassette.

FILM OF THE MONTH CLUB

Between The Lines

Set in present day Boston, *Between the Lines* is about a group of friends who work together at the *Back Bay Mainline*, a small weekly newspaper.

The *Mainline* has passed from its beginning as a radical underground weekly and is now a solidly established and profitable paper with a growing circulation. It is about to be swallowed up by a communications conglomerate.

For the moment, however, the *Mainline* remains a protective womb, awash with pot, rock music and camaraderie. Our characters venture out to do their work, then scurry back to the front office where hanging out can be an all day occupation.

Director Joan Micklin Silver's interest in the story of *Between the Lines* began long before the spate of recent newspaper takeovers (*New York Post*, *New York Magazine*, *Village Voice*, etc.) which have made the story of the film quite topical. Ms. Silver met screenwriter Fred Barron in 1975 at the Cannes Film Festival, to which her film *Hester Street* had been invited. Barron had been a reporter for both *The Real Paper* and *The Boston Phoenix* and was developing a screenplay around his experiences. Ms. Silver had published some articles in the *Village Voice* and was intrigued with the idea of a small alternative newspaper as the setting for a film. When Barron came back six months later with a first draft of a screenplay, Joan and her producer husband Ray Silver decided to acquire the property.

John Heard (as Harry Lucas) and his sometime roommate Lindsay Crouse (as Abbie) are both members of the photo staff on the alternate weekly newspaper "The Mainline."

Michael J. Pollard plays a street vendor and company mascot

Following their success with *Hester Street*, the Silvers took their new project to the major studios, but were turned down. Some decided to pass on *Between the Lines* because they felt the story "wasn't sufficiently plotted." Others hesitated at the idea of an ensemble cast of relatively unknown young actors with no role for a major star. Luckily, the Silvers had made enough money from the distribution of *Hester Street* so that they were able to finance *Between the Lines* through their own production company.

The cast of *Between the Lines*, assembled in New York and California with the help of casting director Juliet Taylor, consists almost entirely of actors who were comfortable with improvisation technique. The actors did not improvise on camera but rehearsed with the director on various approaches to scenes, drawing from their own experiences. Based on their improvisations, Ms. Silver scripted a number of new scenes for the film.

CAST: John Heard, Lindsay Crouse, Jeff Goldblum, Jill Eikenberry, Bruno Kirby, Gwen Weller, Stephen Collins and Lewis J. Stadlen. Michael J. Pollard plays a street vendor and company mascot.

REVOLT
The story of another genocidal conflict in Southeast Asia. For 28 years, Karen revolutionaries have fought for self-determination for their five million people. Internal differences within their movement over the years have prevented them from forming a successful united front with other Burmese revolutionaries, including the Communist Party. In Southern Burma, the movement was in its darkest hour when film-maker Peter White traveled with them. Produced by Peter White for KPFA Berkeley.

Those who fell and picked themselves up recreate the experience: the breadlines, the doctors and lawyers on the bum, the demonstrations. The final part of this series answers the question posed by the opening song: How Can a Poor Man Stand Such Times and Live?. It's the story of FDR and the New Deal, the WPA and the more radical solutions proposed by Dr. Townsend, Upton Sinclair and Huey Long. Even though the end of the period saw a great upsurge in union membership and the hope of Socialism, only a small number of people felt the system had to change—most just concerned themselves with getting back a piece of the financial pie. As a post script there is a grim prediction that the next depression will be as marked by violence as the last one was by resignation. Produced by the People's Media Collective of San Francisco for KPFK.

BIOLOGICAL DETERMINISM

SCIENCE AS A SOCIAL WEAPON

MONDAY 29

Biological determinism — the doctrine that assigns a genetic basis for many characteristics like intelligence, social tendencies, and personal differences— has been a recurring theme in social history for nearly two centuries. During that time, it has done incalculable harm.

Hitler's theory of race (and his genocidal policies) grew out of a version of this doctrine that was developed by the eugenics movement in the U.S. early in this century. The Nazi eugenics code was based on sterilization laws enacted in several states a few decades earlier. The same "science" that was to create millions of refugees from the Nazis also prompted Congress to pass and Calvin Coolidge to sign the 1924 immigration act, preventing many of those refugees from emigrating to the U.S.

The framework of thought developed by biological determinism continues to injure and kill to the present day. In 1914, the Pellagra Commission (dominated by eugenicists) suppressed the discovery that pellagra is caused by malnutrition, insisting that the disease is a hereditary disorder, with the result that for the next 20 years vast numbers of people continued to be afflicted and die. That same thought provides fertile ground for the current myth that intelligence is hereditary and for the continued neglect of civilized standards of public health.

On Monday, August 29, we will take a long look at the credos and consequences of biological determinism.

KPFK FOLIO PAGE 14

6:00 **SUNRISE CONCERT:** Paul Vorwerk

8:00 **INTRODUCTION:** Biological Determinism as a Social Weapon

Richard Lewontin of Harvard University gives a brilliant overview of the influence of biological determinism on literature, the social sciences, and the behavioral sciences — past and present.

THE "DOMINATION OF NATURE": SOCIAL ORIGINS

An analysis of science in the service of the *status quo*, by one of this country's most creative social philosophers, Murray Bookchin.

10:00 **PITCHING**

Forewarned is forearmed.

11:00 **KULCHUR**

11:30 **THE MORNING READING**

Seven Arrows continues.

12:00 **NOON CONCERT**

Program to be announced.

2:00 **SPECTRUM:** Carlos Hagen

Race, Scientific Research, and Freedom. Can we exercise oppression in the name of human welfare? Can we repress science on moral grounds? Can we abridge human rights in the name of national and political security? There is an immense, increasing wave of the above tendencies all over the world, both in Marxist as well as in right wing countries. Carlos offers a survey of these issues, shows a number of pertinent relationships and advocates a position of the widest possible freedoms. It is quite a thought-provoking and controversial hour.

3:00 **PITCHING**

4:00 **IQ**

In the past 60 years, IQ has been used against Poles, Italians, Hungarians, Russians, Greeks, Turks, Orientals, Jews, Blacks, Chicanos, the poor and the unemployed. The alleged heritability of IQ scores has recently been the center of a major scientific fraud. This program explores the mythology and the misuse of IQ testing.

6:00 **PITCHING**

In the past 18 years, pitching has been used against non-subscribers of all races, nationalities, and social positions; even the unemployed have a \$15 rate. The alleged validity of this type of appeal will be explored.

6:30 **THE KPFK EVENING NEWS**

7:00 **AGGRESSION**

Is the human race condemned by its innate aggressiveness to unending strife? The distinguished anthropologist, Ashley Montagu, responds to the pseudoscience of Ardrey and Lorenz.

8:00 **AGGRESSIVE PITCHING**

9:00 **BIOLOGICAL DETERMINISM: HERE & THERE, THEN & NOW**

A review of "laziness" genes, genetic disposition toward tuberculosis, Aryanism, and other deadly myths of current and recent history

9:30 **THE FRUITS OF BIOLOGICAL DETERMINISM**

A panel composed of people struggling against forced sterilization, culturally-biased testing, and inadequate health services will discuss the relationship of their struggles to genetic determinism. With open phones.

10:30 **THE FRUITS OF PITCHING**

12:00 **CHAPEL, COURT & COUNTRYSIDE**

showcases the prodigious talent of Herbert Tachezi, preeminent organist of Austria and harpsichordist of the Concentus Musicus, Vienna. Joseph Spencer is your host.

2:00 **NIGHT TRAIN:** Lauren Lee

Some jazz; traditional and progressive, until sunrise.

FREE PAUL SKYHORSE AND RICHARD MOHAWK FROM FBI MURDER FRAME-UP

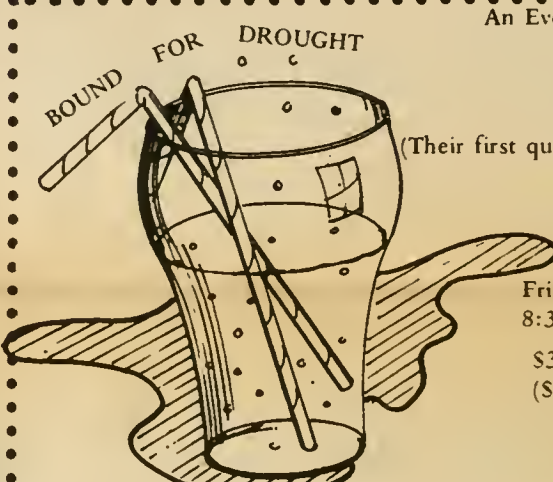

IN THE SOCIETY that makes up this country, we have been arrested, tried, convicted, sentenced. We have been found guilty. We have been put in foster homes, boarding schools, reform schools, prisons, and psychiatric wards. We have been labeled incorrigible, delinquent, unsociable, unrehabilitatable, and insane. We have been threatened, punished, guarded, tortured, and treated. Now, as a final insult to our dignity, we are being held under threat of a death sentence. But we say to you, Brothers and Sisters, as we stand before the enemy's tribunal in the proud warrior tradition, be not alarmed. Our spiritual one-mindedness shall prevail.

"Bozzetto's work is a gem -

as irreverent toward the classics as Disney was overly devout ... the animated sequences are exquisite ... imaginative ... funny ... original".

Arthur Knight

FROM LONDON FILM FESTIVAL NOTES (1976):

"...one of the great comic masterpieces of our time, an incredibly brilliant satirical parody of Disney's 'Fantasia' which matches the earlier film in technique and surpasses it in comic invention.. Like 'Fantasia', Bozzetto's ALLEGRO NON TROPPO is structured around a series of classical compositions in animated form interspersed with live-action inserts... The grand finale consists of a series of splendidly funny endings. The film was premiered at the Ottawa Animation Festival where critics noted the audience literally fell in the aisles with laughter."

INSTANT THEATRE is a unique form of performance art wherein every component of the stage event is created collectively and spontaneously. The total I.T. spectacle involves acting, sound, dance, sets, lighting, costumes, masks, all coming together in the instant of creation, never rehearsed and never repeated. The performances are exciting and entertaining, mingling comedy and drama, satire and formalism, fantasy and social comment, with the look and feel of dreams.
